BPW October Celebrations

In Germany the month of October is often associated with "October Fest", which in turn is associated with drinking beer - lots of it! BPW Axles South Africa decided in 2010 to adopt an element of this event with a fun evening for our customers and business partners at our premises. This year we hosted the 7th event, and with ever growing popularity managed to entertain close to 400 people with an evening of German music, German food and German beer...! In addition we used the opportunity to not only have our products on display, but also to showcase our production facility, emphasising our theme of

"we think transport"

Since last year, we've invited our guests to "dress up" for the event and as you can see from some of the pictures, this is accepted with huge enthusiasm!

BPW Axles - as the oldest daughter company in the BPW Group - is a successful company thanks to the support of all our Stakeholders: Transporters, Trailer Builders, Parts Distributors, Suppliers and Service Providers alike!

This event is a small token of our appreciation, and the growth in popularity shows us that it's already a standing appointment on the events calendar of our industry!
